VOTE NOV. 7

We, the
should be

students at Armstrong State College,
criticized for our apathy.

We endure with vexation, nonfulfillment, and doubt. We await for a "happening" to occur — existing for them — surviving between them.

We have enjoyed the comforts of opinion without the discomforts of sincere thought and investigation.

Question: Is it a lack of things for people to do . . .

WORLD

Mr. Hunnicutt (wearing his ever present "Pirate Power" sticker) calmly shocks the freshman class on the fundamental ordeals of registration.

Orientation was fun, informative, and praductive. Thirty-two upper classmen (and upper classwomen) told the Freshmen what ASC and college is really like. Oh-ah! Even so, the Student Advisers accomplished their goals; 1) *letting the Freshmen know they were welcome, 2) easing the transition from high school to college, and 3) seeking new dating partners.*

elieve it ar nat, she is actually very shy.

Freshman. What can one say to describe a freshman in college? Not much. Excited. Scared. Bored. Attentive. Awed. Amused.

Obviously, these freshmen are having the time of their short college career.

Ever heard the expression "Hungry for Knowledge"

The Rhondels blew the roof off of Alee Temple. Fantastic musicians. And cute too. Notice particularly how oblivious the stomping students are to the photographer. Guess why?

Black Awareness Week

Armstrong State College in cooperation with the Black American Movement co-hosted the 1st Annual Black Awareness Week. The event was presented to bring about an awareness of Black Culture both in Africa and in the United States. Through numerous displays of art works, clothes, sculptures, and books our goal was accomplished.

The week also provided a chance for the black and the white to communicate through a rap session (entitled — Everything You Always Wanted to Know, but Were Afraid to Ask), and a lecture by Lorenz Graham, black author of some sixteen books and a former University of Liberia instructor.

In 1973-1974, look for an expanded program to include black movies, black music, a black fashion show, and a black resident lecture series. Also in the coming year are plans for a Religious Emphasis Week. Hey Alumni, you're invited too.

Breaking ground for the new Fine Arts Building which will be completed in 1975 are a host of dignitaries. This ultra-new facility will allow the Cultural Affairs Committee to expand immensely its services and programs.

The 1972-1973 Basketball Season

THE MISS GEECHEE PAGEANT.

Twenty-one girls representing various campus organizations in quest of ASC's beauty title. Three weeks of practice, preparation, and anxiety. Preliminary competition. The Judges' Tea. The big night. Linda Hadges escarted by Puff 'n Stuff.

Some distinguished entertainers came to the ASC campus during the Winter Quarter. Buddy Rich played an impressive concert before a screaming crowd in the ASC Gym. Jim Gold, world renowned classical guitarist, instructed a packed house on the secrets of becoming a perfected guitar player. Mr. Gold's concert was, in the least, inspiring.

The distinct notes of Jim Gold's guitar and mellow voice proved to be a rare combination of musical talent.

Buddy Rich, fresh from the "Tonight Show" beat the drums to the tune of two standing ovations.

A Midsummer Night's Dream, performed by the National Shakespeare Company, warranted more attendance than any other ASC cultural event. Using the facilities of the Savannah Civic Center for the first time, the play produced a 2,600 person capacity crowd. Performing somewhat of a mod version of the Shakespearean classic the Company quickly gained the humor and response of their audience.

In a year of plays, another chance to play came to town. In a rare appearance (actually a curtain call) came a six to twelve inch snowfall. Let's hope this play's run for the next seven years is in the Yankee Northland where, in 1865, it was doomed to exist.

An opportunist in Solms Hall literally stuffed the box with 56 extra ballots. Scandal. Recount. Re-election. Charges and counter charges. ASC's own little Watergate. (Remember the Watergate?) Finally, after another election, Ernie Lorenz floated to the top of the lake. (Lake Ashmore). The voter turn-out — 18%. Embarrassing again. The lowest voter turn-out for a major election in four years.

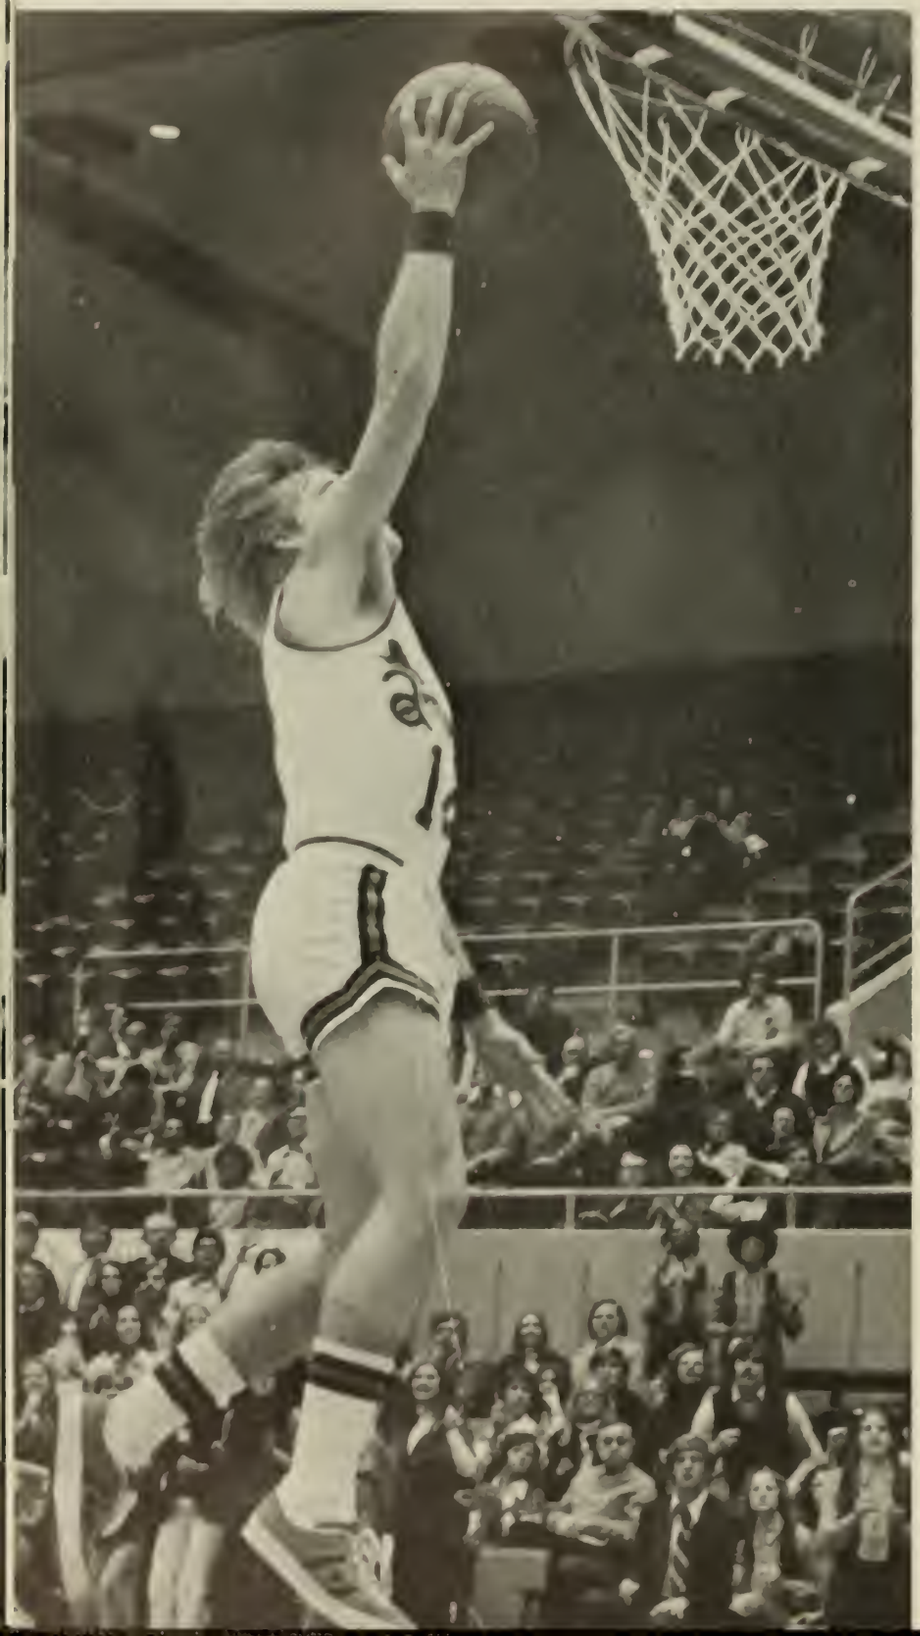
HIGHLIGHTS

Roger beats the SSC press as ASC wins the city championship.

How about the opening game of the Shriners' Invitational Basketball Classic. ASC vs. cross town rival Savannah State, the first of many grudge-matches. SSC jumped ahead 23-9. Looked bad. Who is No. 42? Good-sized lad. In the next 16 minutes #42, Elijah (Sonny) Powell very calmly turned the tide to the tune of a 46-44 half-time lead. The Powell era began. Put it in text with the Sam Berry era, the Ike Williams era, and the Skippy Hancock era, and before long one realizes this team has some eras and some talent. The firm of Powell, Berry, Williams and Hancock nobly executed a basketball victory over SSC 92-82.

PIRATES BOMB NETS FOR A SERIES OF VICTORIES



WJCL sportscaster, Frank Black postgame interview with big Sam.

The poise of freshman, Sonny Powell, as he demonstrates before the T.V. camera.

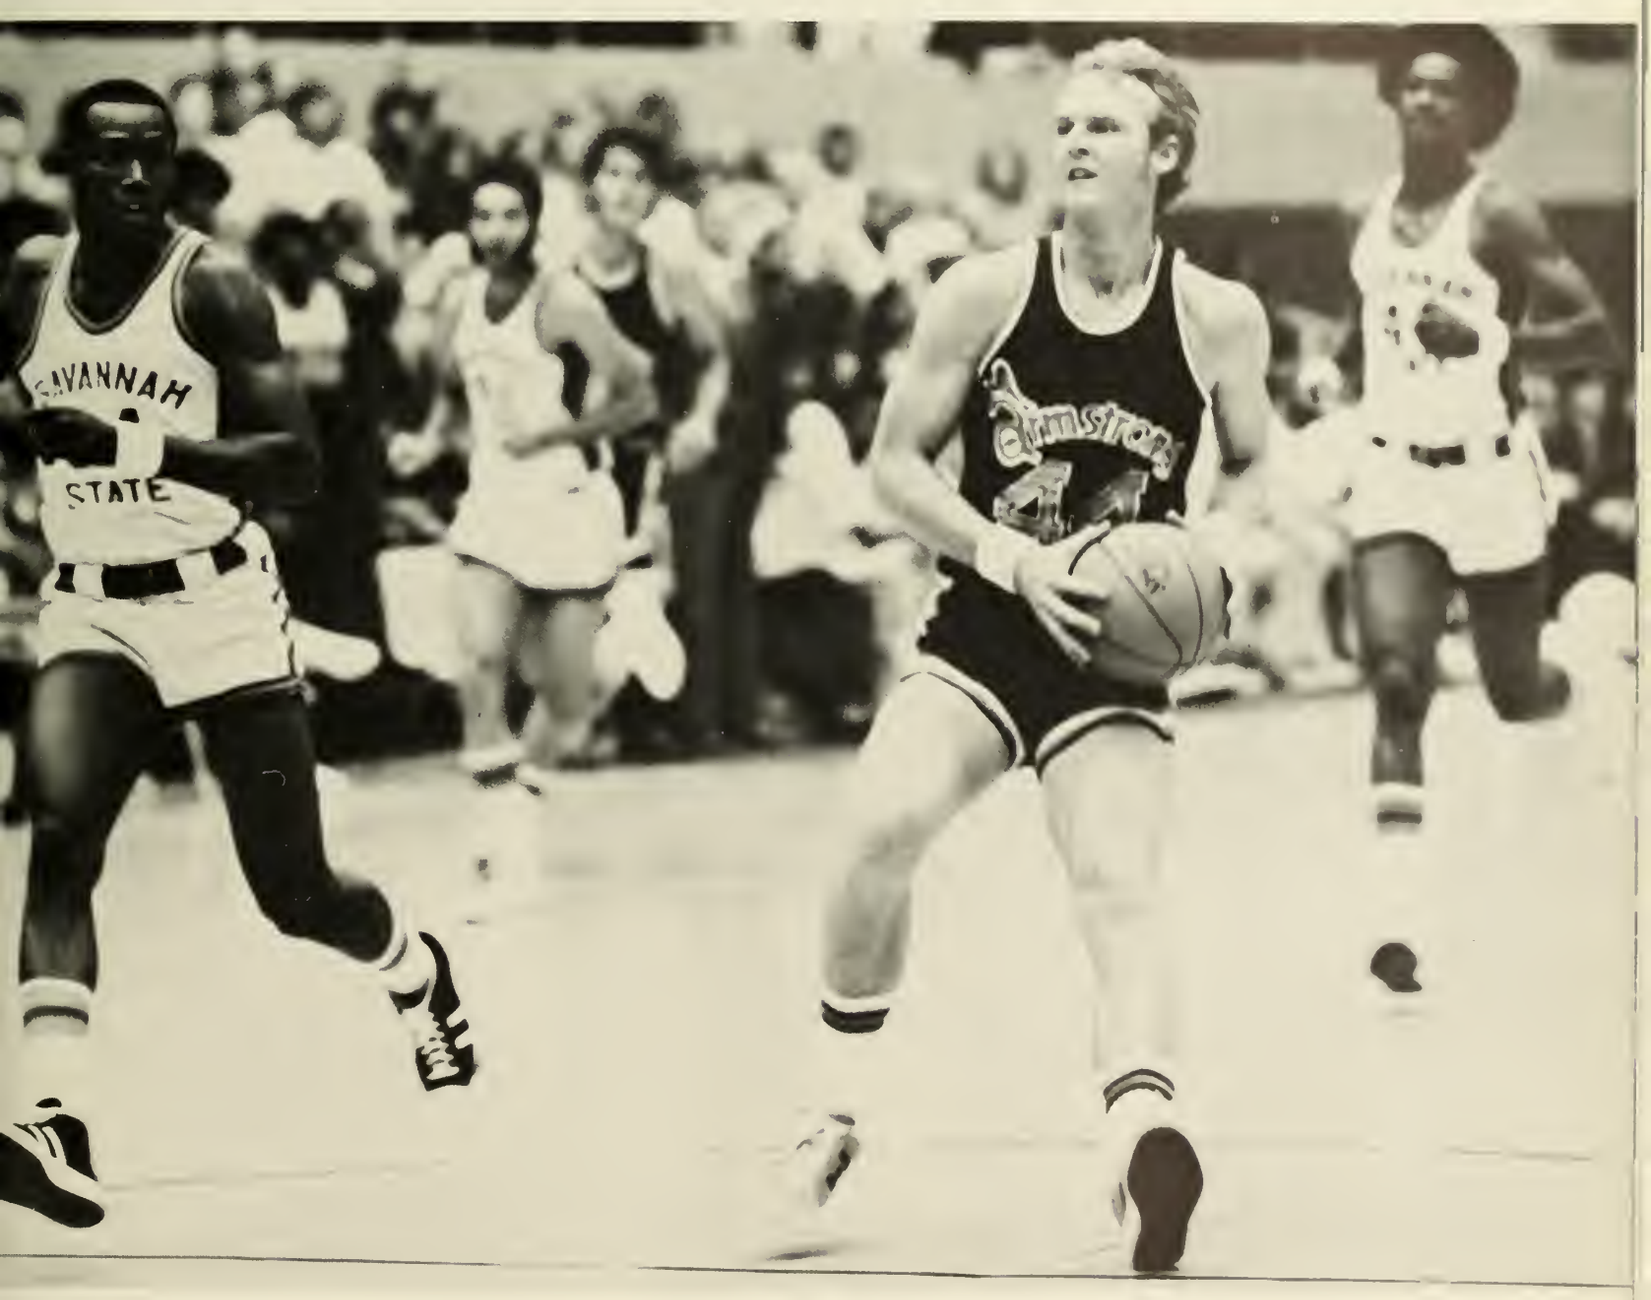
Christmas. Santa Claus. Peppermint Sticks. Mistletoe. NAFBHT. For the second year, our corps traveled to Norfolk, Virginia to participate in the 8-team Navy Amphibious Force Holiday Basketball Tournament. A couple of biggies came, too. Troy State University, the All-Navy Team SUBLANT, and Federal City College (Remember their cool Sam Jones).

ASC outclassed major Troy State 94-87. Skippy Hancock threw in everything but the towel; amazed himself, his coach, his teammates, and at the end of the tournament, his capacity crowd.

In the semi-finals, against the All-Navy SUBLANT (Submarine Force of the Atlantic), the All-ASC team depth-charged 'um to death and floated on to a stunning 112-68 victory. Skippy continued to dominate the offense but had sincere and good-willed competition from Ike Williams who not only scored 24 points, but also drove right through the keyhole of a locked dressing-room door to the astonishment of a slow-working locksmith.

Sam Jones, who played for the Boston Bruins or somebody, was happy to have his Federal City Panthers play the Pirates. Easy win, he thought. Ha. Ha. Skippy and Ike didn't have any worries except some sincere and good-willed competition from Sam Berry. ASC lucked-up and humiliated the proud Panthers 82-68. Sam, Skippy and Ike were selected All-Tournament Players and Skippy was named Most Valuable Player. Just as heroic in the grueling three-day ordeal was Charlie Clark, Darrell Wilson, Sonny Powell, Roger Weber, and Ernie Lorenz, who played exceptionally well in reserve rolls.

Merry Christmas.



Skippy skids to stop on fast break.

Early January braught to Savannah the mast impressive list of foes and resulted in the most impressive list of victories in ASC's history. ASC very casually, in a four-day span, defeated MIT, Bucknell University, and the University af Wisconsin. (Note: We beat Bucknell 70-67. Bucknell beat Georgia Southern by four points. Guess why Georgia Southern won't play us?)

Then ASC faced Campbell College. This Campbell soup was too thick, so some Pirate punch was added to thin it out. Campbell College was poured down the drain, 95-80. Sam Berry managed to score a modest 37 points and became the fourth ASC player to score 1.000 points. (Basketball Quiz: Who were the other three? Danny Stell 1970, David Rich 1970, and Robert Bradley 1972)

Remember Federal City, Sam Jones, the Panthers. Yeah, that's the crowd. Berry didn't like them. He scored his 1,008th career point, and snatched his 645th rebound. Roger Weber didn't like them either. Sam Berry + Roger Weber + dislike = victory over F.C.C. 97-85. Keep the ball rollin'!

Skippy trucks on in for two.

Cheerleading has its rewarding moments.

Think back to the snow of 1973. What were you doing? Well, the Pirates were playing the nation's Number One defensive team. In the comfort and heat of Lander's College gym, ASC "cooked" for 40 minutes and emerged to the blizzard, stuck bus and comforts of a 76-71 victory. What happened to that defense?

Ike routinely makes a spectacular move.

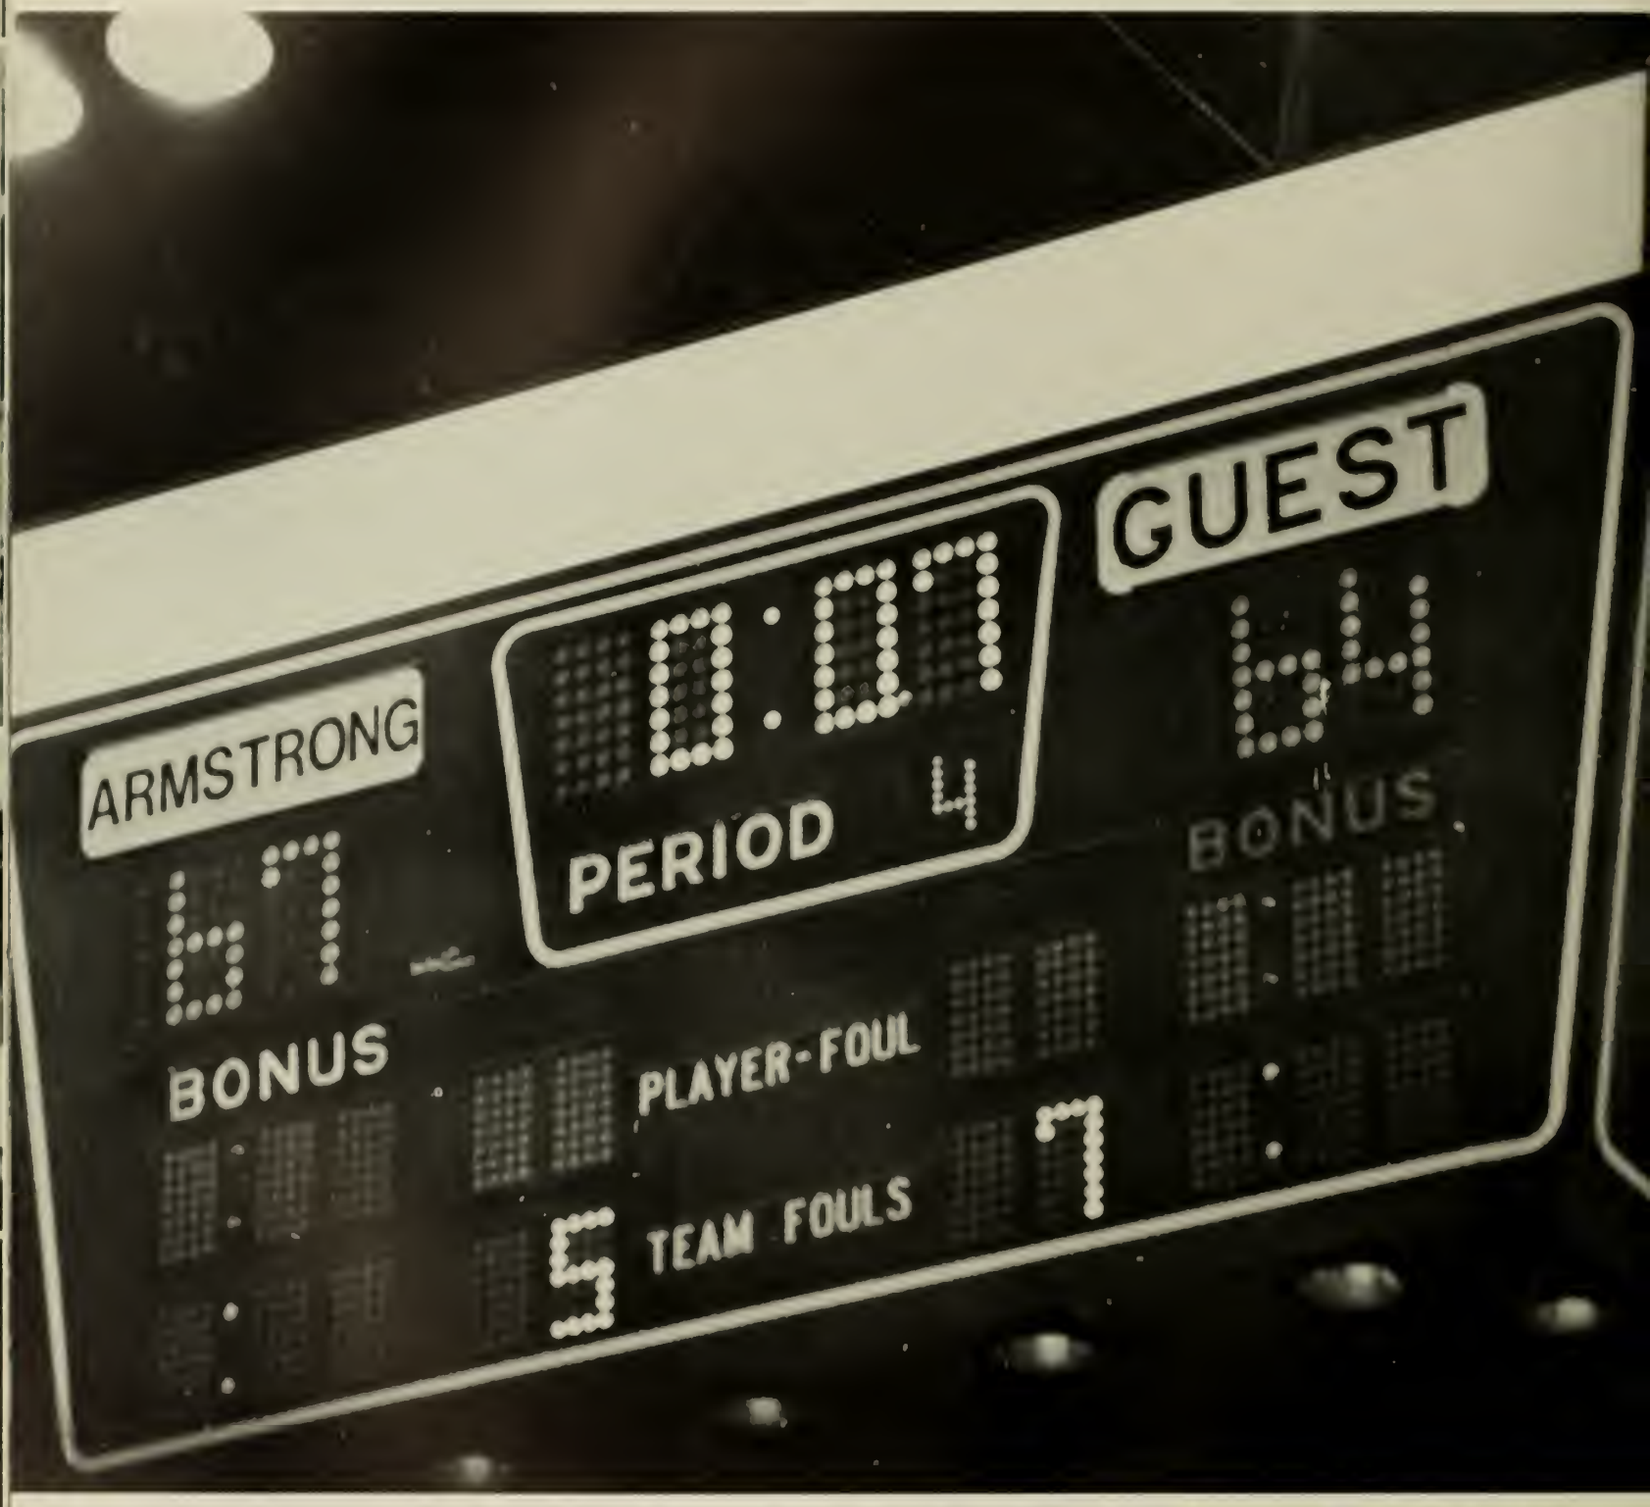
WHOOSH!

The support of the masses.

WE'RE NO. 1!

Homecoming. Augusta College. Big rival. Augusta handed us our worst defeat of the season, 104-81. We don't take that off anyone. Sonny likes big crowds. He likes them so much that he scored 25 points and led ASC to a convincing 96-79 victory.

The NAIA District 25 Playoffs. ASC fell to an experienced LaGrange College. At least we still have a challenge for the future.



A sight we saw 21 times in 1972-73, an ASC victory.

Mayor Rousakis awards Kiwanis Bowl Trophy.

Guess who won the Kiwanis Bowl!

BASEBALL 1973

Congratulations to Coach Tom Kinder and the 1972-73 Baseball Pirates. Even with minimal support, the Pirates still produced their best year ever. With a talented group of lettermen returning, it looked like the Baseball slump at ASC had ended. With major Baseball teams competing on the 1974 schedule, coupled with the competition of the South Atlantic Conference, the challenge is great. Will the potential produce progress? See you at Gnat Field for the 1974 opener.

Phi Kappa Theta, a nationally chartered fraternity an Armstrong's campus, has a praud local and national tradition *cum dedication*. The ideals of Phi Kappa Theta: Spiritual realism, practical bratherhaod, sacial awareness, activism, and above all charity towards one and all, are the cornerstones and the broad foundation for those seeking shelter and understanding in a contemporary world of apathy and mislaid priorities.

The Thetas are a group of men who ask the ageless question, "Quo Vadis?" They may not have all the answers but when it comes to giving help and a friendly smile, there are no strings or hesitations.

The officers of the fraternity, the brothers, pledges, and the alumni offer prayers for eternal peace, especially for all innocent victims of outrage and hate.

Phi Mu is a praud and noble traditian an the Armstrang campus. They were the first wamen's fraternity established on the campus and the second aldest fraternity in the natian, far it was faunded at Wesleyan College in Macan in 1852.

The washbaard band, the Carnation Ball, the Hospital Ship S.S. HOPE, the natianal philanthrapy, as well as participatian in cheerleading, the Buccaneers, Wha's Wha, campus publicatians, Honor Council, and the student government are only a few ways Phi Mu spirit is shown. Sharing the excitement and joy when a sister excels in beauty pageants, sweetheart titles, and scholarship awards adds ta the heritage of Phi Mu. In addition a sister learns the true meaning af lave, honor, and truth, the ideals af Phi Mu.

Sigma Kappa, with her 1874 founding, is one of the oldest of the Greek letter organizations. Sigma Kappa has a diversity of national projects. The first is her Maine Sea Coast Mission, established in honor of our Maine founders. Countless boxes of gifts, clothing, and toys were donated to the underprivileged families of Maine. The American Farm School in Greece exemplifies education for women. Scholarships are awarded each year to this school. Sigma Kappa is the only national sorority that works with the elderly as a major philanthrophy.

Epsilon Sigma, the 106th chapter, received its charter on November 14, 1970. Actively involved in school and civic affairs, Sigma Kappa had girls participating in both the Miss Savannah Pageant and the Miss Geechee Pageant. In 1972, Sigma Kappa won the Intramural All Sports Championship trophy.

Patterns...

A day in the woodlands uncovers a great variety of patterns. Some are pleasant and soothing; others excite wonder and curiosity. They are patterns enriched by sounds of wild life and winds, by the smells of pine and earth. They are patterns of the past—reminders of times when man's survival depended on his mastery of the forest. They are patterns of growth—tracing every stage from fragile seedling to towering tree. And they are patterns of order, progress, and change, combining the spontaneity of nature with the handiwork of man.

Mrs. Nancy Skinner

Mr. Gus Stalnaker

We came to Armstrong
to reach, to gain, to find
that which is hardest to find

ourselves.

One seeks
himself
in others,
in the institution,
in work, and
in play.
He finds
himself in all those areas.
For, he finds
himself
in himself.

A part of me shall always be here.
